Adenauer in London Today for Talks

BONN (Reuters).—Chancellor Adenauer leaves here by air on Tuesday on a three-day visit to London. The visit was first arranged a year ago, but was postponed then because of the Chancellor's illness.

In the intervening 12 months relations between the two countries reached a low ebb, but Dr. Adenauer's advisers say he now seems ready to abandon his suspicions of British policy towards Europe and Russia, which have been the main source of discord.

Apart from a probable improvement in Anglo-West German relations, the visit is considered likely to produce assurances of similar views on the two other main points of discussion—European economic integration and the planned summit conference with Russia.

See No Concrete Result

On European economic problems, however, no concrete results are expected. Britain and West Germany both wish to avoid splitting Europe into two economic groups—the six-nation Common Market, including West Germany and France, and the Outer Seven, led by Britain.

Whether the two schemes can be harmonized depends above all on France, since Dr. Adenauer regards the Common Market as primarily a political body and will do nothing to endanger Franco-German links.

On the summit question there is one important difference which may prove hard to resolve: Britain regards the Berlin problem as a promising theme for four-power talks while West Germany opposes any separate discussion on Berlin.

USSR, Italy May Jointly Market Oil

LONDON (INA).—Russia is attempting to enter the Western oil market in association with SNIP, the Italian oil company "according to yesterday's Observer."

The Russians sent word to the Arab oil conference in Jeddah, which ended last week, offering Arab participation in the same organization.

A share in marketing oil is one of the four main demands of the Arab oil exporters; the others are a greater share in production, an Arab pipeline and an Arab company to transport oil.

Lebanese officials have rejected a Russian offer to join in an oil marketing scheme with the participation of SNIP. But says the "Observer," Lebanon and other Arab countries are at variance on oil policy, as became clear at the Jeddah conference.

(Reports from Tehran last week said Russia had offered Iran a plan for joint exploitation of Iran's oil on an unprecedented 85-15 basis.)

Better for India if He Quits Post of Premier, Nehru Says

NEW YORK (Reuters).—Premier Nehru of India said he thought it would be good for him and for India if he left the office of Prime Minister.

Mr. Nehru was speaking in an interview recorded for an hour-long television programme called "Portrait of Nehru," and broadcast here Sunday night in connection with his 70th birthday by a New York television station, WNEW.

The Indian leader was interviewed by Arnold Michaelis, who ranged widely over his early life, his personality, his ideas, and his concept of India's role in the world.

At one stage, when he was asked if he intended to retire, Mr. Nehru replied: "I'm not thinking of that at present or in the near future...when I talk about retiring, it has nothing to do with retiring from public activity, but I do think it would be good for me and for the country if I left the office of Prime Minister."

Asked about his views of Communism Mr. Nehru said: "There's too much suppression of the individual, and too close an alliance, if you

Israel to Break Wall of Hatred, B-G Declares

By MALKA RABINOWITZ
Jerusalem Post Reporter

Prime Minister David Ben-Gurion, in a 15-minute speech last night, touched upon two of the greatest issues in Israel national affairs—security and immigration.

On the first, he said, "It will not be easy to break through the wall of hatred, boycott and blockade, and we may have to pay very dearly as we paid 11 years ago. But our people are ready."

As to immigration, Mr. Ben-Gurion predicted an influx within the next few years of hundreds of thousands of Jews from East European countries, for whom the only salvation was "free human beings and Jews is to come to Israel."

UJA Mission

Mr. Ben-Gurion was addressing the gala Prime Minister's dinner given at the King David Hotel in Jerusalem for the 11th United Jewish Appeal Study Mission. The audience was studied with leading personalities of Israel's national and public life. They included most Cabinet Ministers, the President of the Supreme Court, Jewish Agency Executive Members, the Chief Rabbi, the Governor of the Bank of Israel, the Chief of Staff, and the Inspector-General of Police.

The Prime Minister declared there were at least two million oppressed Jews in countries of Eastern Europe—"I won't mention names."

"For the time being, the gates of these countries are closed to Jewish emigration. But we are sure they will have to be opened, whether the rulers want it now or not. This must happen, said Mr. Ben-Gurion, "within two, three or four years, perhaps a little more."

Turning to Israel's future role, the Prime Minister said, "We are determined to turn this small country into a great center of wisdom, learning, and science. The Jews had never had great wealth or power, but we have inherited moral and intellectual supremacy."

'Will Do Better Here'

"Our people are foremost in science and research," he declared. "What we have done in exile, we can do better here."

"It may sound ambitious or fantastic," Mr. Ben-Gurion said, "but I'm not afraid of seeming a visionary. We are destined to become an example of a new society—a light for the Gentiles."

The Prime Minister called for continuation of the "great creative partnership" between Israel and American Jewry.

Mr. Morris W. Bernstein, General Chairman of the U.S.A. also addressed the dinner. Mr. Zalman Shazar, Chairman of the Jewish Agency Executive, presided.

Each of the Mission members was presented with a photograph of a colored, autographed photograph of Mr. Ben-Gurion.

In the afternoon, the members of the Mission were received by Prof. M. Evers and Rabbi B. Casper, Dean of Students.

Six Jordanians Up As Spies for Israel

AMMAN (Reuters).—Six more Jordanians will appear before the State Security Court at Ramallah today, accused of belonging to an espionage ring dealing with Israel.

Last week the prosecution asked for the death penalty to be imposed on three Jordanians who were said to have collected secret information about Jordan Army positions, secret workshop units and patrol. Security forces recovered the espionage ring in Jerusalem earlier this year.

Haifa, Brazil Draw In Soccer Match

HAIFA. — In one of the most exciting matches seen here in a long time, Haifa footballers and the Brazil Olympic team drew 4-4 at the Maccabiah Stadium on Sunday night. The Haifa, selected last 2:1 at half-time.

The Brazilians played a much better game than they did against the Israel team last week. Only had luck cost them a win.

In the closing minutes, with the score at 4-4, the Brazilians had an apparent goal disallowed, and earlier might have had a penalty awarded when a defender cleared the goal with hands. Although Haifa played beautiful football in the first half, their defense was hard pressed. The local team led 4-3 as late as the 57th minute.

GUINEAN PRESIDENT

BONN (Reuters).—President Sekou Touré of Guinea arrived here yesterday by air from London for a four-day visit to West Germany. The President arrived after a six-day visit to Britain, during which he had talks with Prime Minister Macmillan.

Broad Coalition Again Seen Likely

The possibility of a wall-to-wall coalition was again discussed at Sunday afternoon's meetings in Jerusalem between Mapai, Abud Ha'avoda and General Zionist representatives.

USSR Told Israel Wants Arms Cut

In reply to an official Russian note dated November 2, the Israel Government has reiterated its support for general or regional disarmament.

The Israeli note, which was sent through the Israel Embassy in Moscow, was a reply to a Soviet note reporting the resolution of the Supreme Soviet of October 21 calling on the parliaments of the world to lend their voice to a general disarmament programme.

The Israeli reply first noted that the Fourth Korean War had not yet convened and then cited recent utterances by the Prime Minister and the head of the Israel delegation to the U.N. General Assembly, both indicative of Israel's favorable attitude towards disarmament.

The note quoted a passage from Mr. Ben-Gurion's interview in the "New York Times" of October 30 which declared that Israel was "prepared at any time for mutual inspection. We will ask for disarmament in any form available to us."

It then quoted from the speech of Mr. Arthur Lourie, the head of the Israel U.N. delegation, in which he welcomed the Soviet proposal, made during the Soviet Premier's visit to the U.S.

France Delays Signing Of Cultural Accord

Jerusalem Post Reporter

Political circles in Jerusalem last night confirmed press reports of a delay in final signing of the Franco-Israeli cultural treaty.

It was believed, however, that it would be only a question of time before the treaty, which was initiated at the end of July by Israel and French representatives in Paris, would be signed.

The French Foreign Minister had originally undertaken to sign the accord after the opening of the new school year, which meant the end of September, or the latest a month later than that date.

The press reports linked this delay with the return of the French of three schools by the U.A.R. Government, two in Alexandria and one in Cairo. They were taken over by the Egyptians after the Sinal campaign.

It is pointed out that a similar delay occurred in French approval for the opening of an Israeli consulate in Dakar. This was held up for about a year.

It is expected that conclusion of the cultural accord is also merely a question of time.

Doctors from 3 States Fly To Israel Boy Injured in Ghana

By SARAH SHATKAY, Nim Correspondent

ACCRA.—Brain specialists from Israel, Germany and Britain are on their way to the Ghanaian capital to attend 8-year-old Ram Katz, critically injured in a road accident Saturday afternoon in which another Israeli, Mr. Dina Kaufman, was killed.

Her husband, Mr. Elyse Kaufman, a Sole Boneh employee, who was driving the car sustained only slight injuries, as did Amira Katz, Ram's sister and daughter. Ram's sister and daughter were also injured. Another Sole Boneh employee, Mr. Yehoshua Horowitz, applied for aid to the State Department, which got the U.S. Air Force to arrange for the flight of an American brain specialist from Wiesbaden, Germany, to Accra.

On Sunday morning, the Prime Minister of Ghana, Mr. Kwame Nkrumah, who was distressed by the news of the accident, contacted the Ghanaian Embassy in London to ask the R.A.F. to fly a British specialist, by jet plane to Accra. Mr. Nkrumah felt that since England was so much closer to Ghana than Israel, the physician from London might arrive a few hours in advance of Dr. Ackermann.

Arrangements are being made to bring Mrs. Kaufman's body to Israel for burial.

CAMBODIAN PREMIER VISITS DAMASCUS

DAMASCUS (Reuters).—The Prime Minister of Cambodia, Prince Sihanouk, arrived here by air yesterday from Cairo on a one-day visit to the Syrian region of the U.A.R.

Prince Sihanouk is on an official visit to the U.A.R.

G.Z. Backing For Namir As Mayor Likely

By MARK SEGAL
Jerusalem Post Reporter

TEL AVIV. — A dramatic turn of events on Sunday seems to make it certain that the other one to My Beadla Shashani, now a Deputy Mayor.

This has come about with the intimation from the General Zionists of their probable support of Mr. Namir. In accordance with the General Zionists are understood to be demanding one or two Deputy Mayoralities and Mapai support for Mr. Namir.

Asked to confirm the prospect of such an agreement between Mapai and the General Zionists, Mr. Shashani said: "I would be prepared to serve as Deputy Mayor under Mr. Namir if my party decides accordingly." Mr. Levantov was not prepared to confirm the possibility of such an agreement, but he did not reject the idea completely.

Progressives' Bid

Meanwhile, the Progressives have been continuing with their attempt to form a coalition composed of the General Zionists, Mapai, the National Religious Party and Agudat Yisrael, led by their candidate, Mr. Mordechai Stern. They held their first meeting with local Mapai leaders on Sunday. The Mapai delegation consisted of Mr. E. Kover, M.C. Councillor E. Schechter, and Councillor Y. Rabinovitch. Mr. Stern, Mr. Cohen, Councillor M. Goldstein, Party Secretary, and Mr. E. Oesterreicher represented the Progressives.

The Mapai delegation rejected the Progressive plan, and asked the Progressives to support Mr. Namir. The meeting ended with the Progressives promising to give their reply within the next few days. The Progressive Political Committee is scheduled to decide on this issue at today's meeting in Jerusalem.

A Progressive Party source told the reporter that the party was "angry at Mapai's threats to exclude us from the new Cabinet. We do not feel that it is to the country that Mapai should also control the three main municipalities."

Mapai Strengthened

Mapai's hand in the Tel Aviv negotiations has been considerably strengthened with the signing of a coalition agreement with Agudat Yisrael Deputy Mayor Y. Abramowitz.

Even without the two Progressive or the six General Zionist votes on the Municipal Council, Mapai could now form a coalition based on its own 31 seats, the two of Abud Ha'avoda, one of Mapai and the single Agudat Yisrael vote.

With the single Communist vote, Mapai would have a majority of 34 on the Council. But Mapai does not, as a matter of principle or tactics, want to depend on the support of Communist votes. The Progressive Party, their two votes will be more easily gained for Namir's candidacy now Agudat Yisrael has signed its agreement.

The Progressives last night met a General Zionist delegation led by Mr. Levantov at the Z. House, as part of their attempt to gain the Mayorality for Mr. Stern.

Ministerial Probe Of Shifram Incident

Jerusalem Post Political Reporter

A special ministerial committee to investigate the riots which took place in Shifram Sunday last will be appointed in accordance with a decision adopted by the Cabinet yesterday.

It is to comprise the Minister of Justice, Mr. P. Rosen; the Minister of Police, Mr. B. Shitrit; the Minister of Interior, Mr. I. Ezer-Yehuda. The appointment of the committee was proposed by the Minister of Health, Mr. I. Barzilai, who felt that in addition to the police investigation and the legal steps taken against the rioters, the Cabinet should have a full information on the background of the incident.

The Cabinet unanimously approved Mr. Barzilai's proposal, and left it to the committee to decide on its own procedure and terms of reference. The committee is to report to the Cabinet shortly.

Nasser Ratifies Nile Agreement

CAIRO (Reuters).—Abdul Nasser on Sunday formally ratified the agreements between Egypt and the Sudan on the distribution of the Nile waters and on mutual trade and customs duties. The agreements were reached after talks here earlier this month.

Israel to Release More Arab Funds

POST Economic Reporter

Israel has agreed to release an additional 1200,000 held by former Palestinian Arabs in blocked accounts in Israel banks. This was confirmed on Sunday by the spokesman of the Foreign Ministry and by the Treasury's Controller of Foreign Exchange, Dr. Z. Dinstein.

Previously 27.7m. of these blocked accounts had been released between 1951-54. These accounts had been deposited with the Ottoman Bank and with Barclays Bank. The present arrangement concerns accounts deposited with banks not included under the previous release.

UNRWA Certain Of New Lease on Life

NEW YORK.—The U.N. correspondent of "The New York Times" on Sunday called it a "certainty" that the General Assembly would vote as always on the Arab refugee issue to continue assistance and to extend the life of UNRWA.

The correspondent, Miss Kathleen Telchick, said the course of the debate is evident and the outcome already known.

She continued, "First, there will be a round of angry accusations from the Arab states blaming Israel for the continuing misery of the refugees. Then, Israel will reply, insisting the only practical approach is for the refugees to remain where they are and to be absorbed into the Arab world."

Will Vote as Before

"When all is said," she added, "the Assembly will vote as it always did, to continue the assistance now going to the refugees through UNRWA, and to extend UNRWA."

(The agency's mandate expires next June 30 and is renewed by the special Political Committee which has been discussing the question appeared generally agreed that there was no alternative but to extend it.)

The U.S., Britain, Canada, and Australia, the four principal contributors to UNRWA, were understood to be discussing private talks possible draft resolution aimed at extending the agency's life for at least two years. The U.S. now provides about 70 per cent of the agency's budget.

(INA, Reuters)

JNF Tractor Damaged By Syrian Mine

Jerusalem Post Reporter

TIBERIAS. — A JNF tractor was slightly damaged when it struck a Syrian anti-vehicle mine in the fields of Kibbutz Dan at 11:30 a.m. on Sunday. The tractor driver was not hurt.

The mine, of a metal type, was inside Israel territory. The area was combed by Israeli sappers a short time ago when they detonated all Syrian mines found. As the mine was of metal, it is assumed that it could not have been passed over by the sappers. It must therefore have been placed by the Syrians during the past few weeks.

Israel has lodged a complaint with the M.A.C.

New Nat'l Council to Formulate Policy for Applied Research

Jerusalem Post Political Reporter

The Cabinet yesterday decided to set up a National Council for Scientific Research and Technical Development which is to forge a national policy for applied scientific research and is to replace the present Research Council of Israel.

The new body, in addition to assuming the Research Council's functions, will play a comprehensive role in the applied research field.

In approving the report made by Mr. Daniel Shimon, which was presented last August to the Prime Minister, the Cabinet also accepted the new Council as the main Government adviser on an overall national policy for scientific research. It is to comprise 15 members—representatives of Ministries, scientists, technologists and industrialists, even though these institutions are primarily concerned with pure, and not applied research.

The Cabinet also decided that the Ministry of Justice is to prepare several draft bills in the event the Fourth Knesset will convene before a new election is held. These are to deal mainly with technical and legal procedures, and most of these have already passed the first reading in the Third Knesset.

Link with H.U.

It will also link future work with the Hebrew University, the Weizmann Institute, and the Technion, even though these institutions are primarily concerned with pure, and not applied research.

The Cabinet also decided that the Ministry of Justice is to prepare several draft bills in the event the Fourth Knesset will convene before a new election is held. These are to deal mainly with technical and legal procedures, and most of these have already passed the first reading in the Third Knesset.

The official communiqué said: "At the weekly Cabinet meeting it was decided to set up a national council for scientific research and technical development."

A ministerial committee was appointed to investigate the Shifram outbreak on November 8.

The Minister of Education and Culture brought to the Government's attention a circular issued by the Secondary School Teachers' Association calling on the teachers to refuse to cooperate with the research and development, establish priorities and plan for the common good.

Greek Cypriots Form Anti-Makarios Party

NICOSIA (Reuters).—A meeting of about 1,000 Greek Cypriots, representing both the right and left wings, yesterday unanimously agreed to the formation of a Cyprus Democratic Union to support the election of a non-dictatorial Cyprus President and oppose expenditure on the establishment of a Cyprus army.

U.K., U.A.R. May Exchange Envoys

LONDON (Reuters).—Britain would like any restoration of diplomatic relations with the United Arab Republic to be initially at the charge d'affaires level, usually reliable sources said here yesterday.

But they said there had been no very recent contact with the U.A.R. about the possible restoration of relations, although the matter had been discussed intermittently for some time.

The subject was raised when Dr. Abdul Munim of Kafray, U.A.R. Economic Minister, had talks at the Foreign Office here in September, the sources said.

A British Foreign Office spokesman yesterday recalled a statement by Mr. David Ormsby-Gore, Minister of State for Foreign Affairs, on June 24, when he said, "We have repeatedly said that we have fuller diplomatic representation in Cairo."

The spokesman was commenting on Saturday's comment by the U.A.R. Foreign Ministry of press reports that talks were being held on resumption of relations at charge d'affaires level, expected before the end of the year.

The reports said Mr. Arnold Smith, Canadian Ambassador in Cairo, had discussed the subject with the U.A.R. authorities.

Reliable sources in London said Mr. Smith had not been specifically asked by Britain to raise the subject, but it was regarded as natural that the possibility of restoring U.A.R.-British relations should be of interest to Canada as a Commonwealth country.

The sources said they knew of no consultations with Britain about any joint statement announcing restoration of relations to be issued in Cairo and London, which the Cairo reports said was under study.

Kassem Warns UAR Against Hostile Action

Premier Kassem warned last night that Iraq would know how to deal with any action taken against his country by the U.A.R.

In an interview with UPI, Kassem declared that Iraq had no enmity against any country—even the U.A.R.

He predicted that Iraq in three years would achieve all its reconstruction promises. He pointed out that attendance in schools had risen from 50,000 to 800,000.

In Cairo, meanwhile, anti-Iraqi propaganda by Egyptian women's organizations held a large mass rally to protest alleged maltreatment by the Iraqi authorities of an Iraqi nationalist, Yusra Said Thabot. She was likened to the "Glorious Martyr of Algeria," Jamila Bouharrar.

CYPRUS T.U. OFFICIALS

TOUR STALINGRAD

MOSCOW (Reuters).—A group of Cypriot trade union officials have left by air for Moscow after spending several days in Stalingrad, Tass said yesterday.

Assassins of Beirut Deputy on Trial

The prosecution demanded the death sentence for all 22 persons accused of the assassination of the late President of the parliamentary deputy, Na'im Mughabghab, as the trial opened in Beirut yesterday, the Arab News Agency reported.

Fourteen of the 22 are being tried in absentia. Mughabghab's heirs have asked the Government for LLm (100,000) compensation.

'Israel Today' On Show in Capital

Jerusalem Post Reporter
A permanent exhibition entitled "Israel Today" will be open to the public from today in the annex of Binyanei Ha'Ooma, Jerusalem. The wraps were taken off yesterday for a preview by members of the visiting U.S.A. study mission.

The display consists mainly of exhibits which were on show at five previous exhibitions: The Conquest of the Desert (which was also housed in the annex), the Tenth Anniversary of the Israeli Pavilion at the Brussels Fair; the Agricultural Exhibition, and the Tel Aviv Jubilee Exhibition. A few of the sections contain completely new displays.

The exhibition, austere and somewhat solemn in tone, depicts various aspects of Israel's development, such as immigration, settlement, industry, irrigation, farming, housing, natural resources, and education and culture.

Graphic artists worked all through Saturday night to get the display ready in time for the U.S.A. mission's visit. But certain adjustments have yet to be made. Mr. Moshe Rivlin, of the Information Department of the Jewish Agency, is making arrangements to share the same passenger terminal at New York's Idlewild Airport in what officials call an aeronautical version of "Abie's Irish Rose."

This was a reference to the Ann Nicholas stage hit of the 1920's dealing with the marriage of an Irish girl and a Jewish boy. The move will put the Star of David and the Irish Shamrock side by side. A Gaelic inscription will be added to a wall mural on which a passage from the Bible, inscribed in both English and Hebrew, reads: "I will bear you on eagles' wings."

Arabic 'Mein Kampf' Published in Cairo

LONDON. — An Arabic translation of Hitler's "Mein Kampf" has been published in Cairo. It is advertised for sale as a reminder of Hitler's fight against Communism.

More Messages To Mapai

Further greetings cables have been received by Dr. Josephphal, Mapai Secretary General, from socialist parties on the occasion of Mapai's election victory. The Deputy Premier of Austria, Mr. S. Pitzinger, Mr. Tage Erlander, cabinet, "Our best congratulations on a brilliant election victory which will mark the beginning of tomorrow's democratic socialist society and further progress in the realization of common goals."

America Has Cranberry Panic

NEW YORK (Reuter). — The great cranberry scare which led to demands for the resignation of a minister and frightened housewives throughout the country, seems to be abating this weekend.

It looks now as though the little red berries may find their way back to the tables in time to take their traditional place alongside the turkey on Thanksgiving — November 25 — and Christmas.

Political Statements

Some leading political figures are inclined to belittle the scare. Vice-President Nixon said in Wisconsin, a cranberry-growing state, that he was going to eat cranberries at Thanksgiving and Christmas. His remark was repeated by Mr. Ezra Taft Benson, Secretary of Agriculture.

Dr. Boyd Schaefer, toxicologist of the American Cyanamid Company, which makes a weed-killer called, said: "To cause cancer in a man, an average adult would have to eat an equivalent of 15,000 pounds of the most highly contaminated cranberries in his daily diet for the rest of his life."

Child with Half Brain Leads Normal Life

VIENNA (Reuter). — A five-year-old Bulgarian boy, a victim of a head injury, reported that the boy was quite normally with only half a brain. He was produced before the Vienna Medical Association last Friday as an example of the success of modern brain surgery.

Israel's Solo Trade Exhibit for Kenya

Jerusalem Post Reporter
TEL AVIV. — Mr. A. Hope Jones, Kenya Minister for Commerce and Industry, is to inaugurate the Israel trade exhibition opening January 26 next year in Nairobi's city hall. It was announced here by the Israel Company for Fairs and Exhibitions Ltd.

This solo exhibit, the first of its kind to be presented by Israel in Africa, will feature products of 50 Israeli manufacturers. In various fields of industry, there are concrete mixers, three air conditioners, refrigerators, sanitary ceramics and appliances will be supplemented by irrigation equipment, textile piece goods and fashions, as well as an array of delicacies, products of Israel's food industry.

New Guest House For I.P.O. Artists

The foundation stone of the Israel Philharmonic Orchestra's new guest house for visiting artists will be laid at 4 p.m. on Tuesday on a beautiful seven-dunam site in the neighbourhood of the Ramat Aviv Hotel. The Minister of Justice, Mr. Pinhas Rosen, will preside.

It will be known as the Clara and Fred Davidson I.P.O. Guest House. Miss Davidson has been the chairman of the Orchestra's London Society of Friends for the past 10 years and she and her brother, Fred, have contributed 10,000 towards the new building.

The I.P.O. will make its first visit to Cyprus in the autumn of 1960. The orchestra will give two concerts in Nicosia. The visit is being made in connection with the celebrations of the island's independence.

Premiere of Avidom's Symphony No. 6

TEL AVIV. The first performance of Menachem Avidom's Symphony No. 6 was given by the Israel Philharmonic Orchestra under Jean Martinon at the Mann Auditorium here, on Saturday night. In the second subscription concert series the soloist was the pianist Gory Goryff who played works by Cesar Franck and Liszt.

THE DAN HOTEL has engaged the Alex Weiss

piece combo for its winter season, with Erica Rossi as chanteuse. Pianist Weiss formerly led the orchestra at the Accadia Hotel.

Meat Prices Rise In Jerusalem Markets

Jerusalem Post Reporter
The price of meat in Jerusalem was up on Sunday by an average of about 500 per kg. compared with the previous week as a result of the spread of foot-and-mouth disease through the country's cattle herds.

The price in the Mahane Yehuda market yesterday was between 11.6 and 11.7 per kg. for most of the Yugoslav cattle which were recently imported to supplement local supplies. Butchers said that they had not received any locally slaughtered meat, but that the supply and quality of the Yugoslav meat was good. There has been no increased demand by consumers for meat.

Hen House Equipment To Ghana, Liberia

TEL AVIV. — A modern type of chicken incubator will be supplied by Hamashbir Hamerkazi to Ghana and Liberia. It was announced here.

A detailed prospectus was forwarded to Ghana by Hamashbir at the request of the Ghana Minister of Education during a recent visit to Israel. The contact with Liberia is through the Dignity-West Africa Company.

South Africans Win Israel Bowls Titles

Two South African visitors, Julius Ratner and Anne Nathan, won the Israel Men and Women's Singles and Titles in the Biennial Bowls Championships which ended a week of bowls at Sayoon. Both won their finals with ease. Ratner beating Harold Stutzen 21-8 and Anne Nathan beating Efrat Berner 21-4.

The rest of the South Africa contingent of 62 members of S.A. Maccabi, however, found the Israelis somewhat to their surprise, too strong for them. Most of the players going through to the final rounds were Israelis.

In the men's doubles, an all-Israeli final will be played this week by Stutzen and Gordon against Kriv and Silverstein. During the week a selected Israel played against a selected South African, the teams tying on points, 119 all, but with Israel winning six matches to two.

One of the visiting bowlers declared that the quality of Israel's bowls had risen to a degree where it compared favourably with that of the best clubs in South Africa.

More Money for Loans To Hire Handicapped

The Social Rehabilitation Department of the Ministry of Social Welfare is this year allocating IL300,000 to its loan fund for private enterprises employing handicapped workers, a Ministry spokesman announced on Friday. Last year's allocation to the fund was IL250,000.

Loans, to be granted in the amount of IL2,000 to IL2,500 for each handicapped worker, will be for a period of seven years at 6% per cent interest.

WATER. — Punishment will be meted out to directors of Hungarian factories which use too much water during the current drought — and if this fails the factories' supply will be cut.
